

# Cargo Carrying Unit (CCU) Transit Inspection

JTN Course Code – MHI001

## AIM & OBJECTIVES

The aim of this module is to provide delegates with the required skills & knowledge to inspect various cargo carrying units prior to shipment in compliance with BS EN 12079 & DNV 2.7.1, 2 & 3.

Although a theory session is presented, the emphasis of this module is practical examination.

## COURSE CONTENT

On completion of this module the delegate should be able to:

- Understand related health & safety requirements
- Recognize the various types of CCU's
- Demonstrate knowledge of the correct use of metric & imperial units
- Explain the terms, definitions & symbols associated with CCU's
- Describe the construction & design details of CCU's
- Demonstrate knowledge of related standards & certification
- Demonstrate knowledge of CCU marking and data plate requirements
- Explain the inspection criteria relating to CCU's & related sling sets
- Carry out inspection of CCUs , completing checklists & recording findings
- Carry out a pre-transit DROPS survey

**Note!** Each delegate will be issued a module handout for future reference.

## ASSESSMENT

On completion of the module the delegates will be subject to:

- A 20 question underpinning knowledge assessment. A pass mark of 80% is required.
- A practical assessment which will include visual inspections of various types of CCU's & associated lifting sets, various rigging arrangements, appraising examples of certification & safe working practices.

## CERTIFICATION

Delegates successfully meeting the CCU Inspection assessment requirements will be awarded a certificate of attendance which aids in addressing the various legislative requirements placed upon employers to ensure their employees are competent.

## WHO SHOULD ATTEND

All personnel who are involved in cargo handling.

## PREREQUISITES

- Attendees will verify compliance with JTN Medical Screening Form
- For this course all delegates are required to provide their own protective clothing (ie) suitable hardhat, safety boots, safety glasses & coveralls.
- Attendees must have a Slings & Lifting Set Inspection certificate.

## LOCATION
