

# Rigging Loft Management

JTN Course Code – MHS006

## AIM & OBJECTIVES

The aim of this module is to provide the delegates with a better knowledge and understanding of the legal and practical requirements in managing an operational rigging loft.

## COURSE CONTENT

On completion of this training module, the delegate should be able to:

- Control the issue and receiving of rigging loft equipment.
- Carry out pre - use and post - use inspections.
- Dispose & quarantine equipment “unfit for use”.
- Control documentation of new equipment.
- Understand the need for an equipment register list.

## ASSESSMENT

On completion of the module the delegates will be subject to:

- A 30 question underpinning knowledge assessment. A pass mark of 80% is required.
- A practical assessment which includes the inspection of lifting appliances and lifting accessories.

## CERTIFICATION

Delegates successfully completing the Rigging Loft Management programme will be awarded a JTN Certificate of Competence, which has a validity of four years.

## WHO SHOULD ATTEND

Personnel responsible for the issuing and control of lifting equipment onboard an offshore installation or a shore based workplace.

## PREREQUISITES
